### I. Policy Statement

These policies express The University of Scranton's educational concern for creating an environment that fosters growth by and among its members and its commitment to the physical and emotional health and well-being of all those who work, study or congregate at the University.

This policy document was issued in May 2024; however, it is not a new policy. Prior to 2024 this policy appeared in several separate resources, including the Student Handbook. Following discussion at the University Governance Council in spring 2024, as the policy is applicable to all members of the University community, these policy materials were collated and documented as a stand-alone University policy in May 2024 to clarify its applicability.

### II. Entities Affected By This Policy

This policy applies to all University students, faculty, staff, and guests.
